

NATIONAL NETWORK • Y2 → Y5 ROLLOUT

RaceSims

- **National Network**

India's integrated motorsport development platform. Chennai is the proof point. This is the path from one centre to a national network — and to the next generation of Indian racing drivers.

India's integrated *motorsport development platform.*

Indian motorsport is in a moment most of us have waited a long time for. F1 viewership is growing every year, the INRC is delivering season after season of close racing, and teams like **ARKA Motorsports** have spent four decades building championship pedigree. The audience is there. The talent is there. What's been narrow is the runway in between — the path from *loving racing* to *racing*.

That's the gap RaceSims is built to fill. A place where someone who loves racing can develop the craft, compete in real championships, and earn a path toward real-world seats through partners like **ARKA** and **Polo Cup**. We're not replacing the motorsport ecosystem. We're adding a new on-ramp to it.

01

The equipment

Direct-drive wheelbases, motion platforms, load-cell pedals — the same technology behind F1 driver simulators — has finally become affordable enough to deploy commercially in India.

02

The pedigree

Founded by a working race engineer at **ARKA Motorsports** (130+ national championship titles). Every curriculum, every coaching session, every centre standard is shaped by motorsport people. The Ladder pathway to real-world seats is real.

03

The integration

Direct distributor in India for both **Conspit** and **VNM**. We get the gear at trade pricing — a **₹65L** centre built for **₹39L**. And we run the full stack: centres + hardware + championship + curriculum + sim-to-real pathway.

The dream is common. *What's been missing is a place to develop it.*

There's a particular kind of dream that nearly every Indian teenager has held at some point — *racing driver*. F1 broadcasts on Sundays, INRC at Coimbatore, MotoGP reruns, Drive to Survive on Netflix. The audience for motorsport in India is in the **millions and growing 25%+ a year**. The dream is common. **We are building the place to develop it.**

BY MAY 2029 — THE STORIES WE'LL HAVE HELPED WRITE

CHENNAI → INRC

A 15-year-old who watched a Polo Cup round on YouTube in 2026 and walked into our Chennai centre, qualifying for their first INRC round.

HYDERABAD

A young woman who never thought motorsport could include her, on our championship grid.

VIJAYAWADA

A teenager whose family could never have afforded karting, racing — because the path finally had a starting point they could reach.

THEN COME THE NUMBERS

CENTRES OPERATING

17

7 Tier 1 + 5 Tier 2 cities

NETWORK REVENUE

₹40 cr

RaceSims direct ₹25-28 cr

EBITDA

₹8-10 cr

Operating cash funds rollout

VALUATION

₹250-400 cr

Series B in conversation

100,000+ customers across the network · 2,000+ Motorsport Academy graduates · First Academy graduate in real-world motorsport seat.

The numbers are how we'll know it's working.
The teenagers are why we're doing it.
