

Three questions, *answered.*

What is RaceSims? Where will we be in three years? What are the revenue streams?

QUESTION ONE

What is RaceSims?

RaceSims is **India's integrated motorsport development platform** — a place where anyone curious about motorsport can try it for the price of a movie ticket, and where those serious about it can find a real path to the racing grid through partnerships with **ARKA Motorsports** and **Polo Cup**.

Three businesses, one brand:

- **Operator** of premium sim racing centres — Chennai flagship opens 2026, with a 43-centre national rollout mapped over five years
- **Official distributor and service partner** in India for Conspit and VNM — the world's leading premium sim racing hardware brands
- **Championship organiser** — the National Sim Racing Championship launches 2027 with broadcast, sponsors, and real-world race seats at the end

Inside every centre sits **The Motorsport Academy** (structured curriculum from Initiation through Pro Track) and **The Ladder** (the sim-to-real pathway via ARKA Rally Drive and Polo Cup Follow Car). Founded by **Thambu Samy**, a working race engineer at ARKA Motorsports — India's most-decorated motorsport team with **130+ national championship titles since 1987**.

QUESTION TWO

Where do we see RaceSims in three years?

By May 2029, RaceSims will be **India's category-defining premium motorsport development platform**.

CENTRES OPERATING

17

7 Tier 1 + 5 Tier 2 cities

NETWORK REVENUE

₹40 cr

RaceSims direct ₹25-28 cr

RACESIMS EBITDA

₹8-10 cr

40% blended margin

VALUATION

₹250-400 cr

Series B conversation

The platform will have served **100,000+ unique customers** across the network, produced **2,000+ Motorsport Academy graduates** through structured training, hosted the **RaceSims Championship in Season 3** (broadcast, sponsored, with established hero drivers), and placed the **first Academy graduates in real race seats** via ARKA Rally Drive, Polo Cup Follow Car, and INRC qualifying.

Built on three things investors can underwrite: ARKA Motorsports race-engineering pedigree (130+ titles); official Conspit + VNM distribution and service partnership in India; and the only integrated motorsport development stack in the country — centres + hardware + championship + curriculum + sim-to-real pathway under one brand.

QUESTION THREE

What are RaceSims' revenue streams?

Two layers — **centre-level** (Drive · Train · Compete) and **HQ / network-level**.

PER-CENTRE REVENUE · Y5 MATURE ~₹2.5 CR

DRIVE

86% · ~₹2.17 cr

Open Sessions (₹500-1K/hr) · Memberships (Pass 8/16 · ₹5-9K/mo) · Group · Corporate · Private hire (₹15-60K) · Café & F&B · Merch

TRAIN

12% · ~₹29 L

Motorsport Academy (Initiation ₹8K → Pro Track) · **Track Day Programmes** for supercar drivers (₹25-50K) · Real Driving Experiences (ARKA ₹1.75L · Buzzing Hornet ₹2.25L) · Pro Driver Training (B2B) · 1-on-1 coaching

COMPETE

2% · ~₹6 L

Championship round entries · Season passes · Hosted round share + sponsorship revenue · Broadcast + content monetisation

HQ / NETWORK-LEVEL REVENUE · Y5

STREAM	Y5 ₹
Conspit + VNM hardware sales (franchise centres + consumers via showrooms)	₹17.5 cr
Training programmes + corporate engagements	₹5.5 cr
Championship sponsorships + broadcast revenue	₹4.0 cr
Franchise royalty (6%) + franchise fees from new openings	₹3.6 cr
VMS platform (network + external SaaS)	₹1.8 cr

YEAR 5 CONSOLIDATED

NETWORK REVENUE

~₹105 cr

43 centres at saturation

RACESIMS DIRECT

~₹83 cr

All layers combined

EBITDA

~₹33 cr

40% blended margin

VALUATION

₹1,000-1,300 cr

Realistic Y5 range

Drive is the volume engine. **Train** is the depth and high-margin growth — Track Day Programmes is the Chennai-specific play for HNI supercar owners. **Compete** is the brand engine that *compounds across the network* — every new centre's championship hosting feeds every other centre's leaderboards and sponsor value.
