

NATIONAL NETWORK • Y2 → Y5 ROLLOUT

RaceSims

- **National Network**

India's integrated motorsport development platform. Chennai is the proof point. This is the path from one centre to a national network — and to the next generation of Indian racing drivers.

India's integrated *motorsport development platform.*

Indian motorsport is in a moment most of us have waited a long time for. F1 viewership is growing every year, the INRC is delivering season after season of close racing, and **ARKA Motorsports** has spent four decades building championship pedigree. The audience is there. The talent is there. What's been missing is **a way in.**

Padel, cricket nets, climbing gyms, tennis clubs — every other sport has a casual on-ramp. Motorsport hasn't. The cost of entry has kept it out of reach. And for those who want to take it further into real racing, the ladder up has been narrow and gated for too long.

RaceSims is built for both. A place where anyone can try motorsport for the price of a movie ticket — and where those serious about it can find a real path to the racing grid through partnerships with **ARKA** and **Polo Cup**.

01

The equipment

Direct-drive wheelbases, motion platforms, load-cell pedals — the same technology behind F1 driver simulators — has finally become affordable enough to deploy commercially in India.

02

The pedigree

Founded by a working race engineer at **ARKA Motorsports** (130+ national championship titles). Every curriculum, every coaching session, every centre standard is shaped by motorsport people. The Ladder pathway to real-world seats is real.

03

The integration

Direct distributor in India for both **Conspit** and **VNM**. We get the gear at trade pricing — a **₹65L** centre built for **₹39L**. And we run the full stack: centres + hardware + championship + curriculum + sim-to-real pathway.

03 • WHERE I SEE RACESIMS IN 3 YEARS

By 2029, RaceSims will be *two things at once*.

Most other sports have casual on-ramps — padel, cricket, climbing, tennis. Motorsport hasn't. **We are building both the open door and the structured path.**

THE STORIES WE'LL HAVE HELPED WRITE

VIJAYAWADA

A 14-year-old whose family could never have afforded karting, who came in for a ₹500 first session and stayed for the Academy.

BANGALORE • OFF-SITE

A corporate team that chose RaceSims for their off-site over an axe-throwing brewery — and three came back as members.

HYDERABAD • DATE NIGHT

A couple who tried the motion rig and made it their new Friday thing.

CHENNAI → INRC

A driver lining up for their first INRC round — three years after their first session in our centre, in a car prepared by ARKA.

THEN COME THE NUMBERS

CENTRES OPERATING

17

7 Tier 1 + 5 Tier 2 cities

NETWORK REVENUE

₹40 cr

RaceSims direct ₹25-28 cr

EBITDA

₹8-10 cr

Operating cash funds rollout

VALUATION

₹250-400 cr

Series B in conversation

100,000+ customers across the network · 2,000+ Motorsport Academy graduates · First Academy graduate in real-world motorsport seat.

A place where motorsport finally becomes something anyone can try — and where the path to the racing grid begins for those who want to take it.
