India's first real motorsport sim-racing centre • Nungambakkam, Chennai

RACESIMS SOLUTIONS PVT LTD • OPENING JULY 2026 • DRIVE • TRAIN • COMPETE

The image shows the interior of a modern motorsport simulation center. On the right side, there are several racing simulation rigs, each consisting of a black racing seat, a steering wheel, and a large, curved monitor displaying a racing game. The rigs are arranged in a row, facing away from the camera. In the center of the room, there are two wooden tables with black metal chairs. To the left, there is a bar area with a white countertop and a wooden backrest, stocked with various bottles. The ceiling is dark with exposed pipes and track lighting. A large, woven pendant light hangs in the center. A television on the wall shows a racing game. Large windows on the right side provide natural light and a view of the outdoors.

THIS IS WHAT WE'RE BUILDING

India's first real motorsport sim centre.

FIRST — WHAT WE'RE BUILDING

It's not a gaming café. It's a real **motorsport centre.**

Eight pro racing rigs — one on a full 3-DOF motion platform — right in the middle of Nungambakkam. And it's run by the people behind **ARKA Motorsports**, a championship-winning race team with **130+ national titles**. This isn't a screen in a mall. It's the real thing, built by racers.

AND THERE'S A LOT MORE THAN RACING

It's a whole **journey** under one roof.

- People don't just drop in to drive — they come to learn. Our **Motorsport Academy** takes them from their very first lap to a real race car: sim mornings, real-track afternoons with ARKA.
- We run our own championships and weekly hot-lap battles that keep people coming back.
- And the best of them climb **the Ladder** — straight into actual race seats. This is where India's next drivers will start.

Drive. Train. Compete. All in one place — for the first time in India.

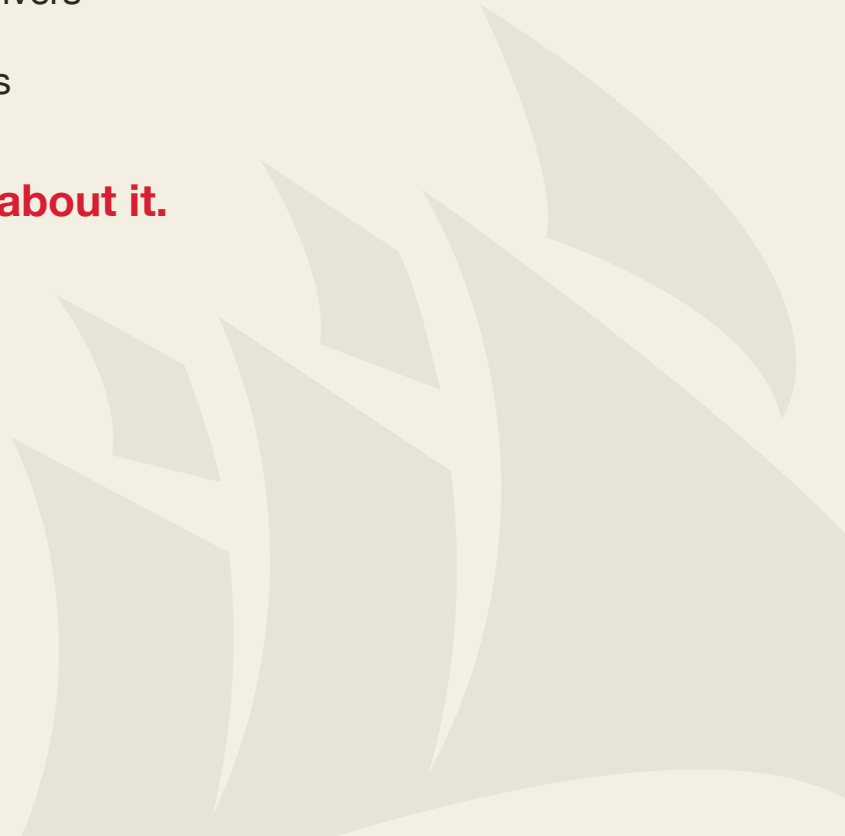

AND LOOK WHO'S WALKING IN

The right crowd, **every single day.**

A Nungambakkam address puts us in front of exactly the people every brand wants to reach:

- HNIs & families
- Corporates & team days
- Celebrities & influencers
- Motorsport fans
- Young aspiring drivers
- Gamers & esports

Every one of them is someone you'd want holding your gear — and posting about it.

NOW — HERE'S WHERE YOU COME IN

Your GPU powers **every single lap.**

The RTX 5070 Ti is the most expensive single component in every race PC — the engine behind every frame, every force-feedback calculation, every lap. Here's where you show up:

- ▶ **ZOTAC GAMING RTX 5070 Ti in all 8 race PCs** — the GPU every lap in the building runs on.
- ▶ **Your name on every rig**, the leaderboard wall and the front door.
- ▶ A branded **ZOTAC GAMING zone** — the most powerful card in the room, on show.
- ▶ Our social, our videos, our championships and events — all carrying ZOTAC GAMING.

SO HERE'S THE ASK

One GPU. **Every rig.**

₹9.1 L

WHAT WE'RE ASKING YOU TO COVER

8 × ZOTAC GAMING RTX 5070 Ti Solid SFF OC —
the GPU in **every race PC** in the building.

In return, ZOTAC GAMING is the GPU India races on — and when we open the next centres, you're already in every rig.

EXACTLY WHAT WE'RE ASKING FOR

One line. Eight rigs.

ZOTAC GAMING · GPU — ALL 8 RIGS

COMPONENT	QTY	UNIT	TOTAL
ZOTAC GAMING GeForce RTX 5070 Ti Solid SFF OC 16GB	×8	1,13,599	9,08,792
ZOTAC GAMING total	—	—	₹9,08,792

Price from our actual MD Computers build quote (30 May 2026, incl. GST). The RTX 5070 Ti is the single most expensive component per rig (₹1,13,599), making ZOTAC GAMING the largest individual PC-component partner ask. Balance of each build = AMD CPU, Gigabyte board, Corsair components & Samsung monitors — each its own partner ask.

8 RIGS · 8 GPUS · ONE ASK

₹9,08,792

LET'S DO THIS

Put ZOTAC GAMING at the core of **every race PC.**

The GPU that powers every lap, in every rig — from India's first real motorsport sim centre.
And when we build the next ones, you're already inside.
