

A PARTNERSHIP PROPOSAL · CONFIDENTIAL

TEAMING UP WITH

RaceSims · Chennai

× **/// CORSAIR**

India's first real motorsport sim-racing centre — Nungambakkam, Chennai. Eight pro rigs, a championship-winning race team behind it, and an open invitation for Corsair to own the cockpit.

It's not a gaming café. *It's a real motorsport centre.*

Eight pro racing rigs — one on a full 3-DOF motion platform — right in the middle of Nungambakkam. And it's run by the people behind **ARKA Motorsports**, a championship-winning race team with 130+ national titles. This isn't a screen in a mall. It's the real thing, built by racers.

02 · AND THERE'S A LOT MORE THAN RACING

It's a whole journey *under one roof.*

Drive. Train. Compete. All in one place — for the first time in India.

People don't just drop in to drive — they come to learn. Our **Motorsport Academy** takes them from their very first lap to a real race car: sim mornings, real-track afternoons with ARKA. We run our own championships and weekly hot-lap battles that keep people coming back. And the best of them climb **the Ladder** — straight into actual race seats.

This is where India's next drivers will start.

03 • AND LOOK WHO'S WALKING IN

The right crowd, *every single day.*

A Nungambakkam address puts us in front of exactly the people every brand wants to reach:

- HNIs & families
- Celebrities & influencers
- Young aspiring drivers
- Corporates & team days
- Motorsport fans
- Gamers & esports

Every one of them is someone you'd want holding **your gear** — and posting about it.

One group. *Two halves of the same cockpit.*

Since 2024, Corsair owns **Fanatec** too — so between the two of you, you make almost the entire rig. We've kept the two businesses separate on purpose, so each team sees exactly what it's putting in:

CORSAIR — THE PC

You're already half the build: **memory, cooling, power, cases and headsets** across all eight race PCs. The machines every lap runs on.

FANATEC — THE COCKPIT

Now the part people actually touch: **wheelbases, wheels, pedals and the full cockpit** on our featured rigs. The kit they fall in love with.

And here's where you show up: **your name on every rig**, the leaderboard wall and the front door · a **branded Corsair + Fanatec zone** with your gear on show · and every video, championship and event we run — all carrying you.

05 • TWO BUSINESSES, TWO CLEAN NUMBERS

Same group. *Two separate asks.*

Corsair and Fanatec run as different companies — so we've costed them apart. Each team has its own budget line; neither carries the other's.

LET'S DO THIS

Put Corsair on the start line of *Indian motorsport.*

Own the room where India falls in love with racing — the PC and the cockpit, both carrying your name. And when we open the next centres, you're already on board.
