

A PARTNERSHIP PROPOSAL

RaceSims • Chennai

teaming up with

AMD

India's first real motorsport sim-racing centre • Nungambakkam, Chennai

RACESIMS SOLUTIONS PVT LTD • OPENING JULY 2026 • DRIVE • TRAIN • COMPETE

FIRST — WHAT WE'RE BUILDING

It's not a gaming café. It's a real **motorsport centre**.

Eight pro racing rigs — one on a full 3-DOF motion platform — right in the middle of Nungambakkam. And it's run by the people behind **ARKA Motorsports**, a championship-winning race team with **130+ national titles**. This isn't a screen in a mall. It's the real thing, built by racers.

8

pro rigs + a 3-DOF motion sim

130+

ARKA national titles behind it

1st

of its kind in India

Nungambakkam

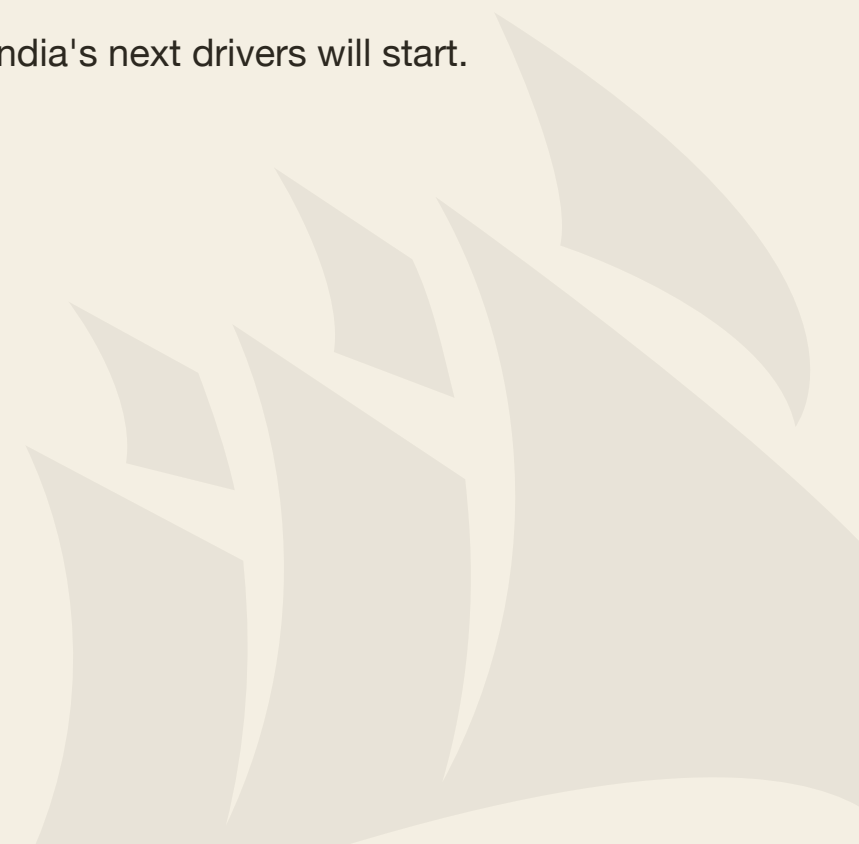

heart of central Chennai

AND THERE'S A LOT MORE THAN RACING

It's a whole **journey** under one roof.

- People don't just drop in to drive — they come to learn. Our **Motorsport Academy** takes them from their very first lap to a real race car: sim mornings, real-track afternoons with ARKA.
- We run our own championships and weekly hot-lap battles that keep people coming back.
- And the best of them climb **the Ladder** — straight into actual race seats. This is where India's next drivers will start.

Drive. Train. Compete. All in one place — for the first time in India.

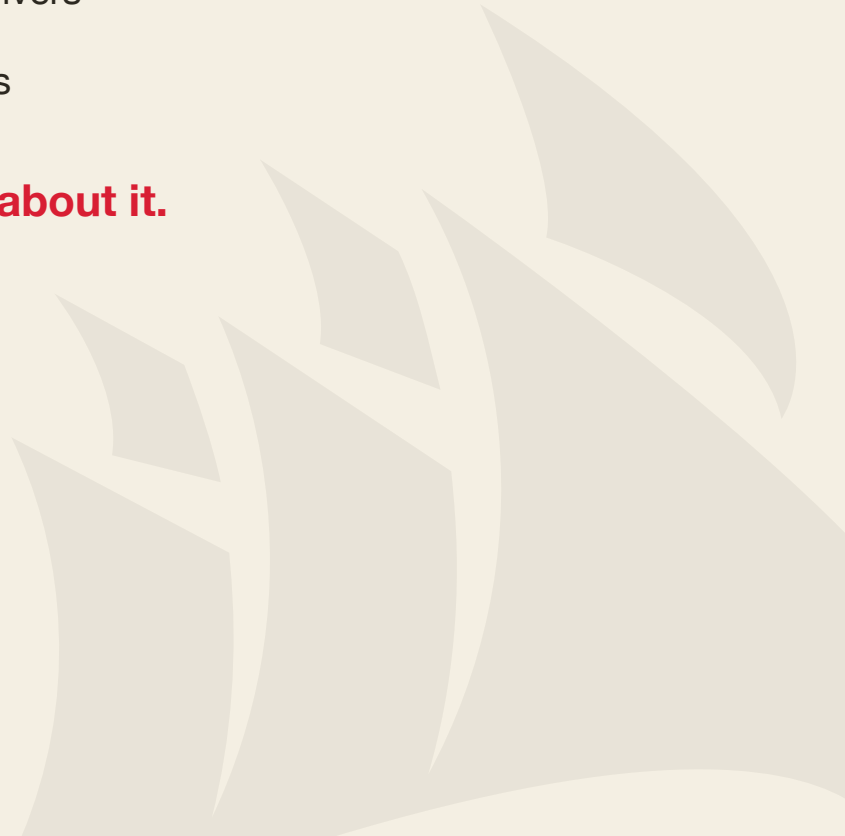

AND LOOK WHO'S WALKING IN

The right crowd, **every single day.**

A Nungambakkam address puts us in front of exactly the people every brand wants to reach:

- HNIs & families
- Corporates & team days
- Celebrities & influencers
- Motorsport fans
- Young aspiring drivers
- Gamers & esports

Every one of them is someone you'd want holding your gear — and posting about it.

NOW — HERE'S WHERE YOU COME IN

The processor **behind every lap.**

The Ryzen 7 9700X is the brain of every race PC — the processor that runs the sim, calculates the physics, feeds the GPU. Every lap run at RaceSims Chennai runs on AMD. Here's where you show up:

- ▶ **AMD Ryzen 7 in all 8 race PCs** — the processor behind every session in the building.
- ▶ **Your name on every rig**, the leaderboard wall and the front door.
- ▶ A branded **AMD Ryzen zone** with the processor specs on show.
- ▶ Our social, our videos, our championships and events — all carrying AMD.

SO HERE'S THE ASK

The brain in **every single rig.**

₹2.5 L

WHAT WE'RE ASKING YOU TO COVER

8 × AMD Ryzen 7 9700X — the processor in **every race PC** in the building.

In return, AMD Ryzen is the processor India races on — every driver at RaceSims Chennai runs on AMD.

EXACTLY WHAT WE'RE ASKING FOR

One processor. **Eight rigs.**

AMD · PROCESSOR — ALL 8 RIGS

COMPONENT	QTY	UNIT	TOTAL
AMD Ryzen 7 9700X Processor with Radeon Graphics (100-100001404WOF)	×8	31,400	2,51,200
AMD total	—	—	₹2,51,200

Price from our actual MD Computers build quote (30 May 2026, incl. GST). The Ryzen 7 9700X (Zen 5, 8-core) drives the simulation workload for all three monitors and the force-feedback chain in every rig. Balance of each build = Zotac RTX 5070 Ti GPU, Gigabyte B850 board, Corsair components & Samsung monitors — each its own partner ask.

8 RIGS · 8 RYZEN 7 PROCESSORS · ONE ASK

₹2,51,200

LET'S DO THIS

Put AMD Ryzen at the core of **every lap in India.**

The processor behind every simulation, every session, every champion — at India's first real motorsport sim centre. And when we open the next centres, Ryzen is already inside.
